

Destroy calories and other ruthless attackers.

Krav Maga is a self defense and fitness system that gets you in top physical and mental shape. So you're prepared to handle all of life's challenges; even those that present a threat to your safety.

Krav Maga: The Official Self Defense Of The Israeli Military.

Krav Maga, which means "Contact Combat," is a battle-tested approach to self-defense. Its anti-terrorist roots make it aggressive by design, with only one objective...eliminate the threat as fast as possible. The techniques are simple to perform and work powerfully with your body's natural instincts. This makes Krav Maga easy to master even for a novice, which is why so many men and women, as well as hundreds of law enforcement agencies, take it. See for yourself. Call 310-966-1300 today
